October 2013 Newsletter

Volume I Issue 1

We at Van Cleve & Associates, Inc. are proud to announce our new monthly newsletter, intended to keep you, our valued customer, up-to-date with announcements regarding our latest products and technologies, upcoming exhibitions and conferences, and other news and events in the security and surveillance industry.

Product News

Introducing the NEW Clip 11 Body Worn DVR 3G/4G & WiFi Server Modules from MGT Europe!

Now available, the new 3G/4G & WiFi server modules for the Clip 11 body worn DVR. These modules connect to the bottom of the Clip 11 and allow for real-time streaming of live and recorded video, as well as GPS locating. The 3G/4G module is used with a SIM card to connect to the GSM or CDMA network. Through the software (which can be loaded onto any PC) the user can adjust settings, schedule recordings, view live A/V feeds in real-time, view recorded data, and locate the Clip 11 through a Google Earth map.

Announcing the release of the Nagra CCT!

Nagra has recently released a new version of their very successful audio recorder. This version has the exact same form factor and uses the same docking station, but instead of a recorder it has a built in narrow-band VHF transmitter. The unit has programmable RF power settings, a range of 100m line of sight and can be used with almost any FM receiver in law enforcement use.

Please contact VC&A for additional information on these or any of our products, or to schedule a demo.

Introducing the new mini 2.1 MP IP & Analog Camera w/ Audio from KT&C!

KT&C recently released a new mini square camera. This 2.1 MP camera features both IP and Analog feeds, 1920x1080 resolution @ 30fps, built in microphone for audio, a microSD slot supporting up to 32GB, Digital Day and Night, and both PoE and 12VDC, all for around \$400!

Introducing the L-3 Range-R WiFi Link!

L-3 has released a WiFi link for their Range-R thru wall radar system! This WiFi link enables the Range-R to transmit data to an MP3 device, which can be viewed over 100 meters away from the Range-R, thus substantially increasing office safety by eliminating their exposure to the danger zone while the unit is in operation. *This is available for new purchases or as an upgrade to existing systems.*

Other News & Notes

MATIA

VC&A will be exhibiting at the NATIA Mid-Atlantic regional meetings (MATIA) at the Hilton Virginia Beach from November 12-13 in Virginia Beach, VA. If you're available please come by, check out one of NATIA's certification classes, and see our latest and greatest products and technologies! We hope to see you there!

Stafford County Schools Contract Award

VC&A has teamed with SyTech Corp. on a security contract for Stafford County Schools. This contract, which is available to all other counties in Virginia, is for installation, maintenance, and repair of security systems within Stafford County public schools.
